***Election/Restrictions***

1. A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on 09/30/2005 has been entered. Claims 1-2, 4-11 and 31-78 are pending.

2. Restriction to one of the following inventions is required under 35 U.S.C. 121:

- I. Claims 1-2, 4-11, 31-50, and 71-74, drawn to display a list of advertisements or sponsors based on a search criteria, classified in class 715, subclass 526.
- II. Claims 51-68 and 75-76, drawn to electronic negotiation including an offer and acceptance among parties, classified in class 705, subclass 80.
- III. Claims 70 and 77-78, drawn to a bidding process for advertisements between sponsors, classified in class 705, subclass 37.

3. The inventions are distinct, each from the other because of the following reasons:

The inventions displaying advertisements based on search criteria, electronic negotiation, and bidding process are unrelated. Inventions are unrelated if it can be shown that they are not disclosed as capable of use together and they have different

modes of operation, different functions, or different effects (MPEP § 806.04, MPEP § 808.01). In the instant case, the different inventions I, II and III reflex diverging subject matters, which are classified in different classifications and shown to be separately usable, therefore, they are unrelated.

4. The inventions are distinct, each from the other because of the following reasons:
  - a. These inventions have acquired a separate status in the art as shown by their different classifications.
  - b. The search required for one Group is not required for the other GroupsFor the reasons above restriction for examination purposes as indicated is proper.
5. Applicant is requested to formally cancel the non-elected claims.
6. Applicant is advised that the reply to this requirement to be complete must include an election of the invention to be examined even though the requirement be traversed (37 CFR 1.143).
7. Applicant is reminded that upon the cancellation of claims to a non-elected invention, the inventorship must be amended in compliance with 37 CFR 1.48(b) if one or more of the currently named inventors is no longer an inventor of at least one claim remaining in the application. Any amendment of inventorship must be accompanied by a diligently-filed petition under 37 CFR 1.48(b) and by the fee required under 37 CFR 1.17(h).
